

The scholarship from The INTERWEAVE project is an amazing opportunity! Exotic culture, amazing people, studying in an international group of students.

New friends

Thanks to this scholarship, I was able not only to learn from passionate professors but also to travel through Thailand. I'm really happy that I'm on the full Master's degree at Chulalongkorn University because now after first semester I have still lots of time to explore new things.

New culture

Everything is just a thrilling adventure!

Barbara Szucio,

Master's degree, Chulalongkorn University
