Instructions for Exchange Program or Scholarship Application in 2018

Dear partners,

Hope this finds you well. Thanks for your sincere help to us in 2017, and we do hope that our cooperation in 2018 would be more fruitful.

In 2017, we have more than 180 exchange students from our partners in the world to study on campus. All of them benefit a lot from tasting the local Chinese history and culture, experiencing the fast growth of Chinese economy, breathing the warm welcome from Chinese people.

Now, the Exchange Student Program, the Chinese Government Scholarship Program (Bi-Lateral Scholarship), the Chinese Governmental Scholarship University Postgraduate Program (UPP Scholarship) and Silk Road Program (SLJ Scholarship) have started to accept new applications. We hope there would be more proper candidates recommended by your esteemed partners to study at Wuhan University of Technology since September, 2018.

For your concern, we are very glad to provide one or two places for you to recommend candidates for the UPP or SLJ scholarship, and we hope the recommended students have relevant background of their undergraduate or master degree education in the field of engineering and technology, especially in the field of Material Sciences and Engineering, Transportation Engineering, Automotive Engineering, or Logistics Management. One more, any recommended candidates with different educational background from those accepted by us in the past three years shall be considered with priority.

Once you have the applicants selected, please let them before March 31st 2018 submit applications via both our website of admission.whut.edu.cn and CSC online Application system of www.campuschina.org or <http://www.csc.edu.cn/studyinchina>.

When visiting and logging in Application Online for International Students at the two websites of CSC and our University, the applicants are supposed to fill in the Agency No. of 10497 for Wuhan University of Technology and choose Type B for UPP/SLJ Scholarship or Type A for Bi-Lateral Scholarship. After their successful online submission please kindly send the applicants' Serial No. of CSC online application to fstudent@whut.edu.cn or yaowenting@whut.edu.cn.

We do hope the 2018 would bring more successful cooperation. Thank you and please let us know if your students have any plan or any question.

Best regards.
