

DO YOU WANT TO SOLVE REAL-  
WORLD PROBLEMS IN THE  
RAW MATERIALS INDUSTRY?

YES? THEN THIS IS FOR YOU!

**REGISTRATION  
PERIOD:**  
**7th FEBRUARY - 4th  
MARCH, 2025**

# Raw Materials Sustainathon 2025

**April 4-6, 2025 | Warsaw**

The Raw Materials Sustainathon (RMS) is a **24-hour hackathon-like competition**, focused on sustainable development in the raw materials industry.

Participants will work in groups of four to present solutions to problems within one of these categories:

**Exploration &  
Mining**

**Hydrogen &  
Fossil Fuels**

**Processing &  
Recycling**

**Environmental, Social  
& Governance**

*What do you get from RMS 2025?*

- Solve problems curated by industry experts
- Guidance and expertise of industry experts during the competition
- Win prizes (total worth up to €3300)\*
- Reimbursement of travel costs to Warsaw (up to €100 for international students)\*
- Enjoy a free city tour and public transport in Warsaw

*Who is eligible?*

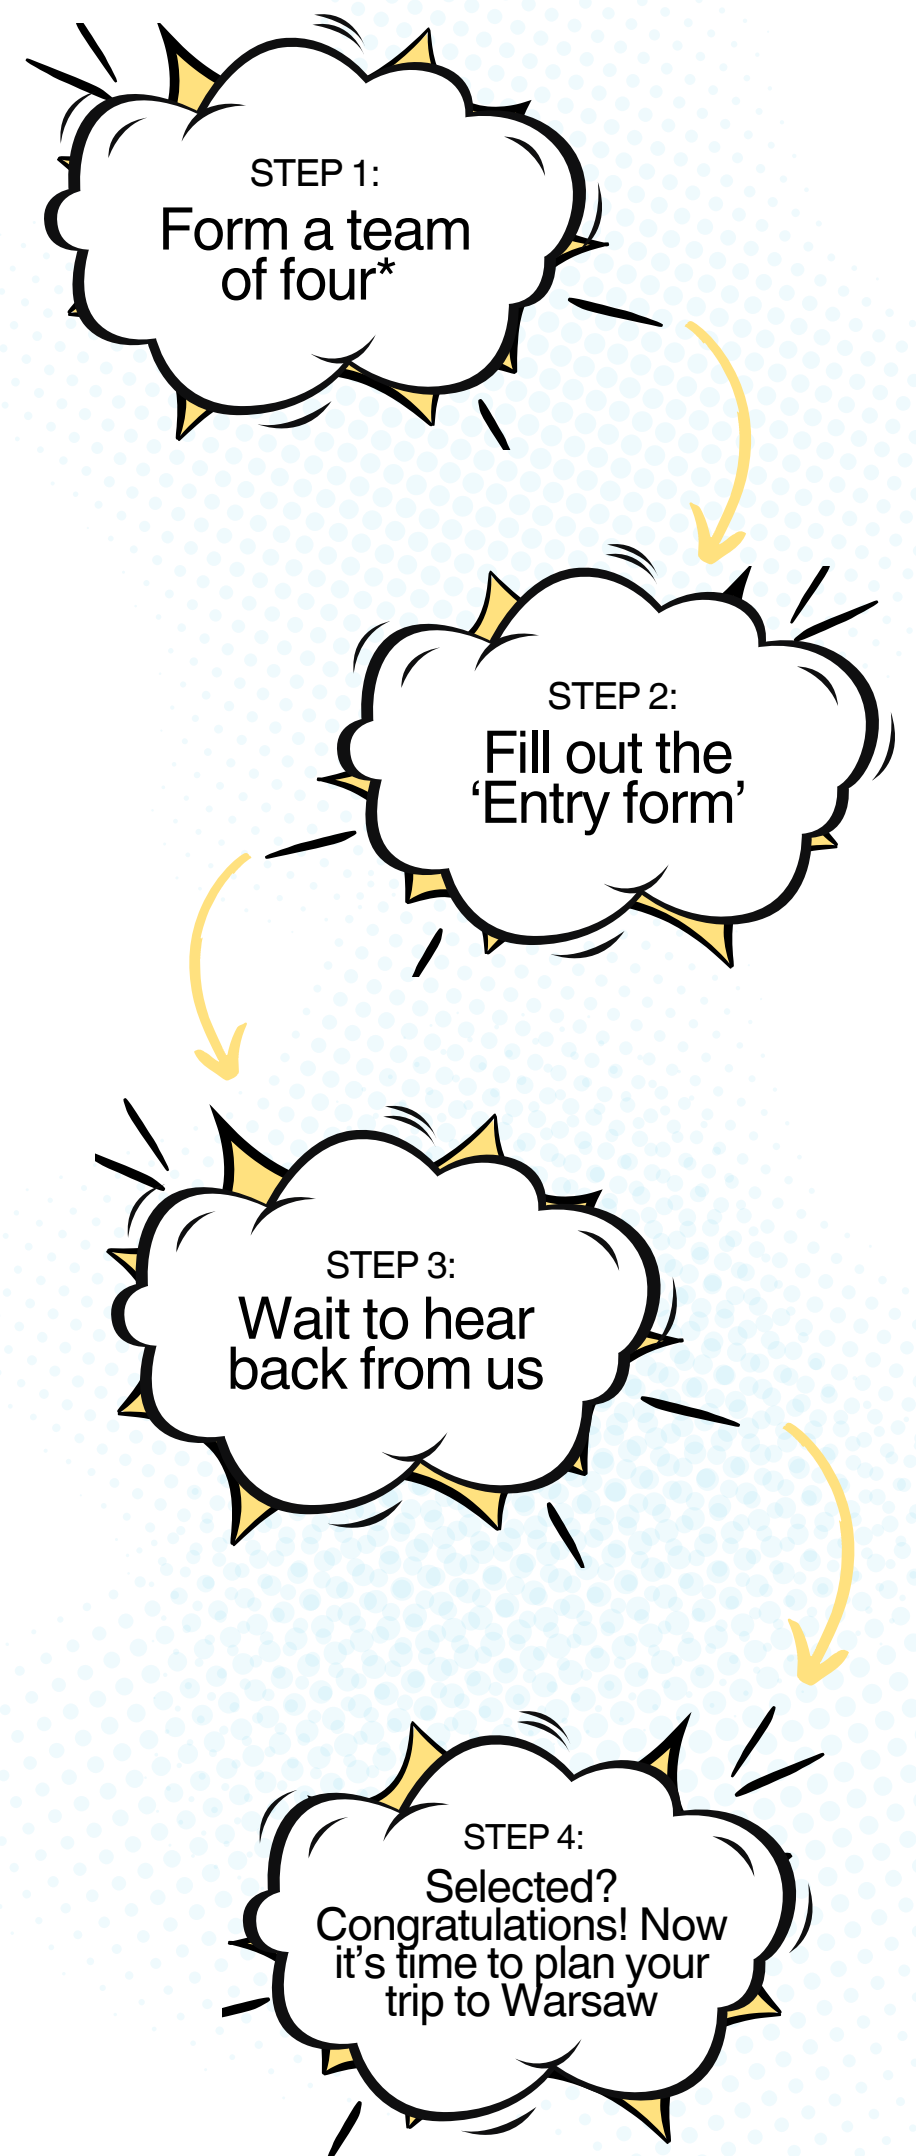

- Recent graduates and students enrolled in a recognized university in Europe and who are currently NOT engaged in the private sector

*Who are we?*

- Students of Warsaw University of Technology, University of Warsaw, Erasmus University Rotterdam and ETH Zürich from various disciplines as interested in sustainability as you are!

\*Amount subject to changes. Participants will be informed.

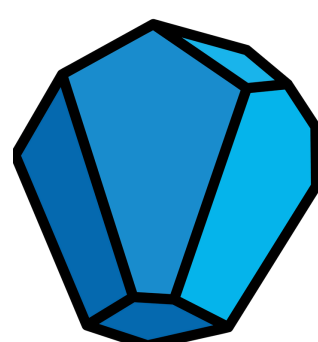

HOW DOES IT WORK?

\*Don't have a team of four? No worries! Enter as an **incomplete group (2-3)** or as an **individual** and we will match with other participants to form a full team. Alternatively, join the Matching tab in the RMS Discord server (link in Entry Form). If you think you found a suitable partner, send us an email and we'll try to team you up.
