

Join the ENHANCE business mentoring programme!

We are looking for startups and academic teams who want to develop their idea. [Join!](#)

Three thematic areas of mentoring are available. Two of them will be 'elective' depending on your needs and development level.

The sustainability topic area will be part of the mentoring for each startup involved in the process.

There are many associated benefits to joining our mentoring programme, including:

- **Accelerate Your Business Growth:** Gain invaluable insights and strategic guidance from experienced industry experts to propel your startup to new heights.
- **Access a Network of Experts:** Connect with a diverse group of mentors from across Europe (Germany, Italy, Norway, Poland, Spain, Sweden, Switzerland, and the Netherlands, France and Ukraine), bringing a wealth of knowledge and perspectives to your business challenges.
- **Enhance Your Entrepreneurial Skills:** Develop the skills and knowledge needed to succeed as an entrepreneur.

What the programme will look like?

- The programme will be based on individual consultations between mentors and startups (a minimum of 2 sessions per mentor).
- Programme duration: End of October – December (approx. 2 months).

Deadline for application:
11 October 2026

Idea validation

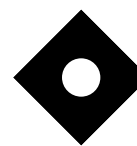

Maximize your chances of success by validating your business concept. We'll guide you through the process of testing your idea, gathering customer feedback, and refining your product or service to meet market demands.

Sustainability

Core to every successful business, sustainability is not just an environmental concern but a strategic imperative. Our programme will equip your startup with the tools and knowledge to verify the sustainability of your business model.

Internationalization

Expand your market reach and accelerate growth through international expansion. Our experts will guide you through the complexities of entering new markets, from market research and cultural adaptation to legal and financial considerations.

ENHANCE mentoring programme is coordinated by Warsaw University of Technology – Innovation Centre. For more information please contact Ms. **Eliza Nowacka**.
